THE ARROW

**Cape Charles High School
Cape Charles, Virginia
1963-1964
Volume XXVII**

Foreword

The aim of the annual staff this year has been to record in pictures the most eventful happenings of the session. The help and co-operation of the staff has brought about this year's publication which we hope you will enjoy.

We wish to thank everyone who has contributed to the yearbook. We especially thank Mrs. Addison, our sponsor, who has devoted her time and effort in making this '64 Arrow possible. Also, we wish to express our appreciation to Mr. J. Clyde Morris and Mr. Edward G. Joyner, Jr., of the Chesapeake Bay Bridge and Tunnel Commission, for supplying the pictures for the end sheet and the division pages. Without these we would not have been able to present our theme adequately.

We now present the '64 Arrow to you for your pleasure and enjoyment.

Dedication To Our Faculty

We, the Junior and Senior classes of 1964, dedicate this the twenty-seventh "Arrow" to our faculty, past and present. We wish to express our thanks for your faith and understanding through the years.

An aerial photograph of a coastal region. A road or path runs from the top center towards the bottom, curving slightly to the right. To the left of the road is a large, dark, irregularly shaped body of water. To the right of the road is a flat, light-colored area, possibly a field or a beach. The road ends at a small, light-colored, irregularly shaped area in the bottom center. The word "Administration" is written in a white oval with a black border in the upper right quadrant.

The publishing of the Cape Charles yearbook, the ARROW, is customarily the work of the Junior and Senior classes. Our Juniors and Seniors followed this same plan.

The publication of a yearbook is not just taking pictures and getting them sent away to the publishing company. It takes a great deal of thought, management, time and ability to compose an annual. We hope that you will appreciate the work we have done in composing this book for you and for our school.

We would like to give credit for this annual to Mrs. Addison, the Junior and Senior classes, the class representatives and all those who made the publication possible.

National Honor Society

STANDING: Denard Spady, Janet Russell, Philip Travis, Billy McMillan, Pat Rayne, Sharon Curling, Jimmy Bennett, John Bradford.

SITTING: Donna Edgerton, Secretary; Jane Ryan, Vice-President; Mrs. Vick, Sponsor; Nancy Lingo, President; Jeffrey Bull, Treasurer.

CHARACTER

SCHOLARSHIP

LEADERSHIP

SERVICE

Membership in the Honor Society is one of the greatest achievements of a high school student. This achievement of membership is an asset to any student.

Students through their scholastic ability, their ability to lead, their character, and their service to their home, school and community can reach this goal.

S.C.A.

STANDING: Peggy Carlson, Billy Heath, Eddie Brooks, Thomas Rippon, John Williams, Ann Wilkins. SEATED: Billy Parks, Treasurer; Jimmy Bennett, President; Miss Nye, Sponsor; Nancy Lingo, Vice-President; Linda Ewell, Secretary.

The Student Co-operative Association is an organization in which the students, under the guidance of a teacher, work for the benefit of the entire student body. The Prom and Halloween Carnival are two events sponsored by the S.C.A.

The students can look upon the S.C.A. as their union through which they can express their desires for appreciation of their achievements and for better understanding between teachers and students.

ADMINISTRATION - Eastern Shore travelers approach the Bridge-Tunnel down U. S. 13, The Ocean Highway, to Wise Point, across Fisherman Inlet on a bridge and trestle to the causeway across Fisherman Island.

SENIORS - Pile sections were made inside steel form in foreground. Form with reinforcing steel inside is placed on "spinning machine" at right. Concrete mix from batch plant above is funneled into form. Truck wheels spin form at high speed. Resulting centrifugal force compresses mix and produces high strength concrete pile wall.

JUNIORS - Gohn Gantry Crane towers over curing concrete pile sections at Bayshore Concrete Products Corporation at Cape Charles. Sixteen foot piles support 12.2 miles of concrete trestle roadway.

SOPHOMORES - Big D swings pile into position for driving. "Two-headed Monster" at right levels the piles and places cap across them.

FRESHMEN - Workmen on "Two-headed Monster" pour concrete to lock cap to piles.

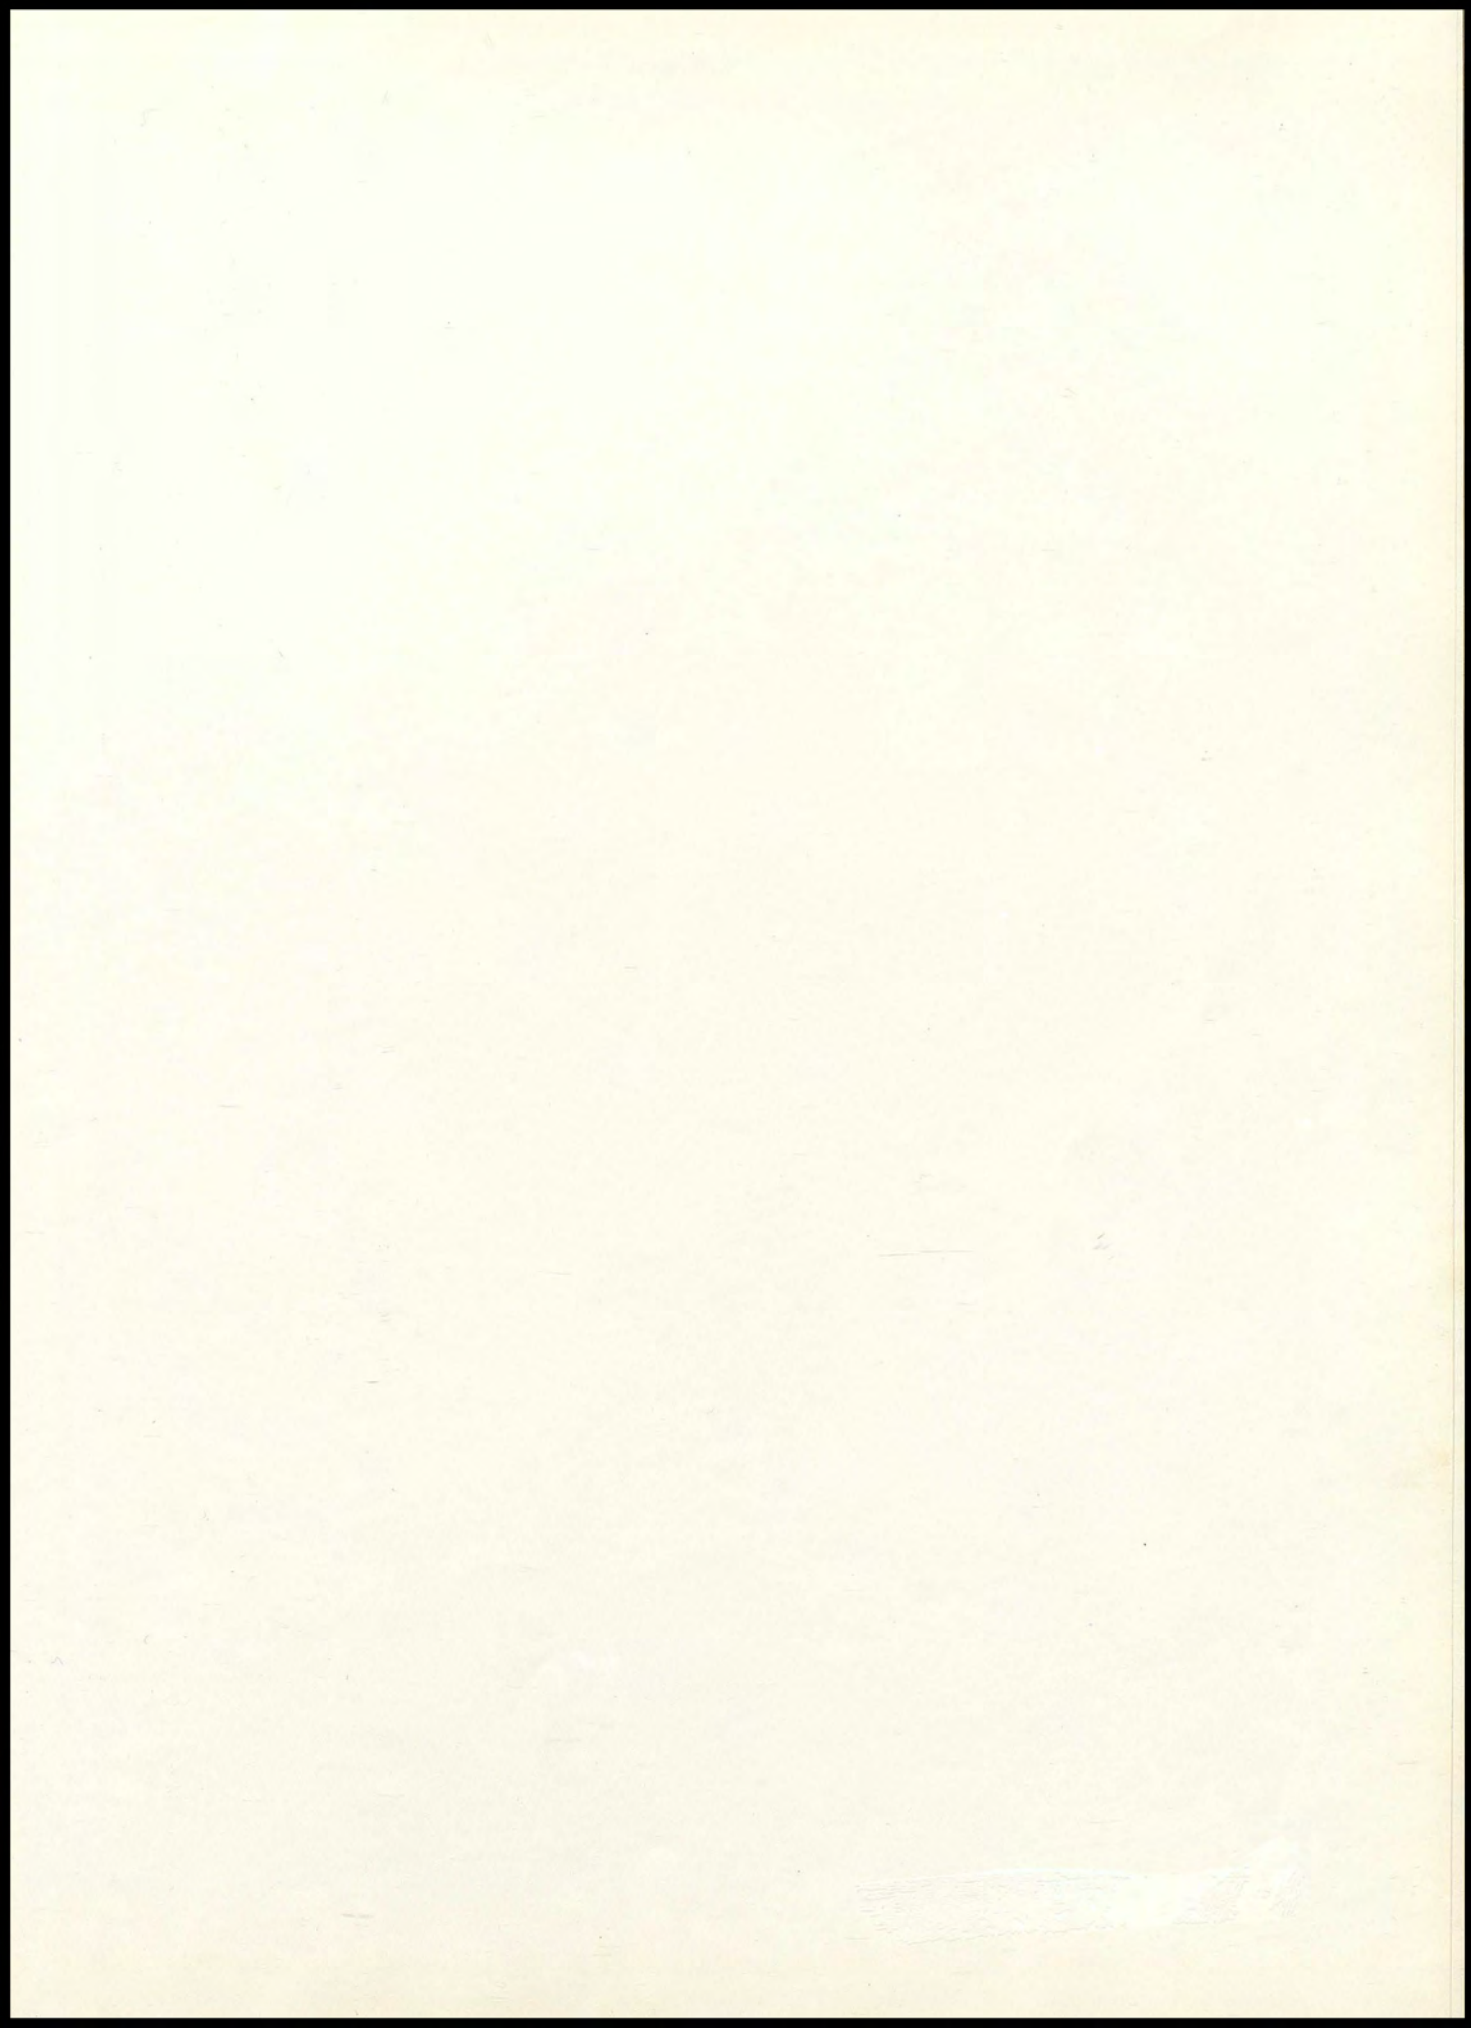

8TH GRADE - The U. S. S. Randolph, her deck filled with planes, crosses the Thimble Shoal Tunnel on her way out to sea from the Norfolk Navy Base.

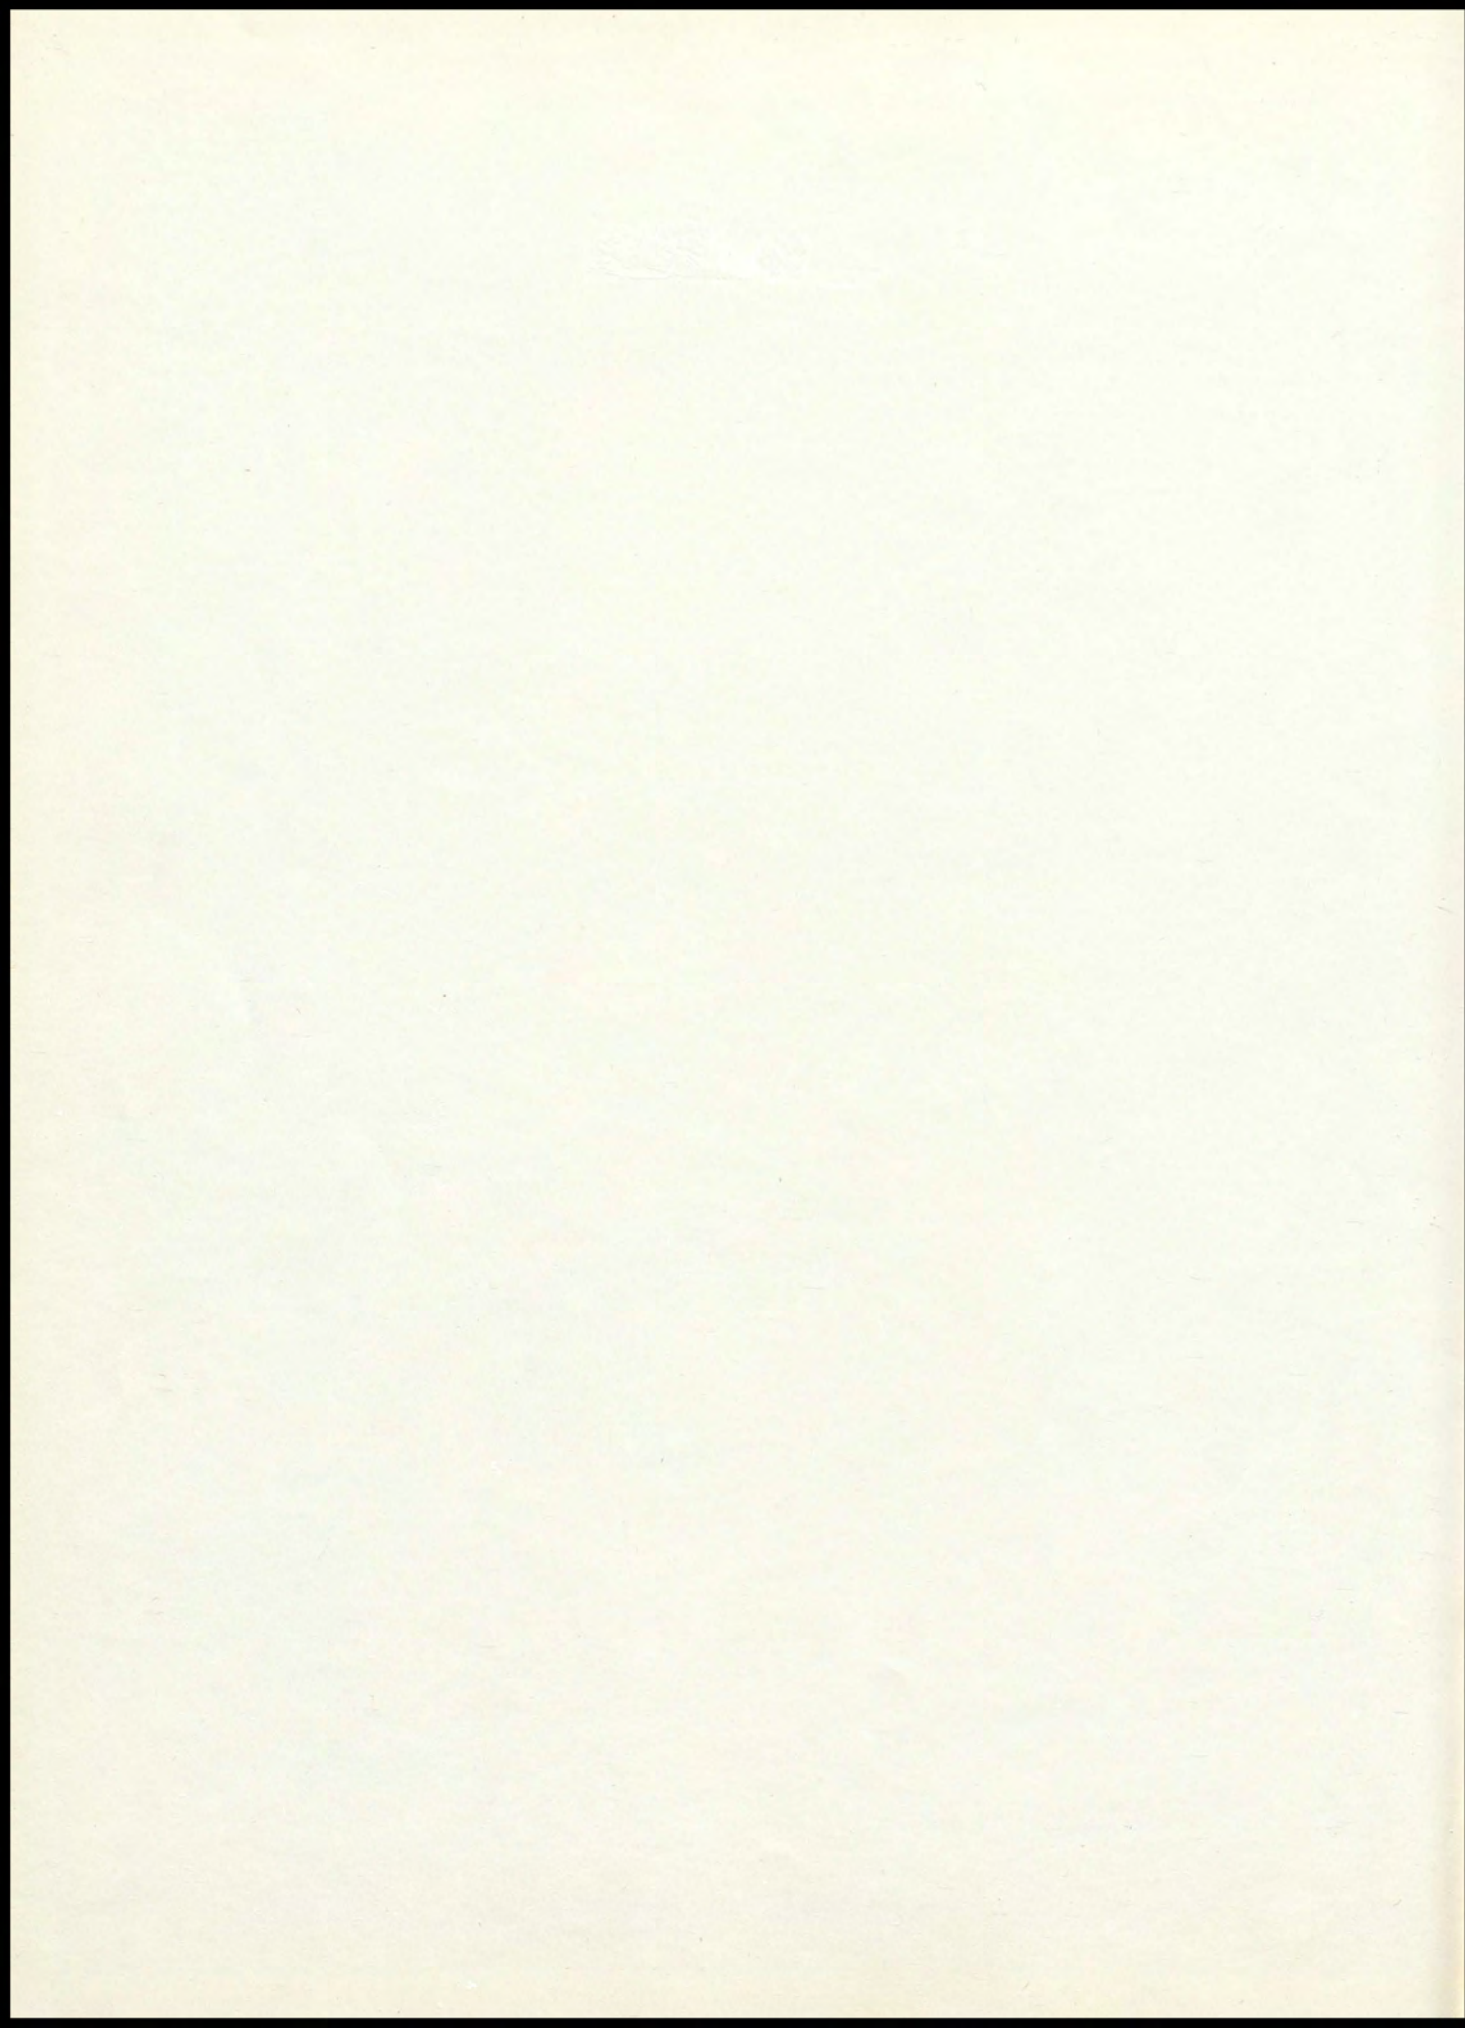

ACTIVITIES - Tunnel under the bay looks like huge pipe before walls and ceilings are built.

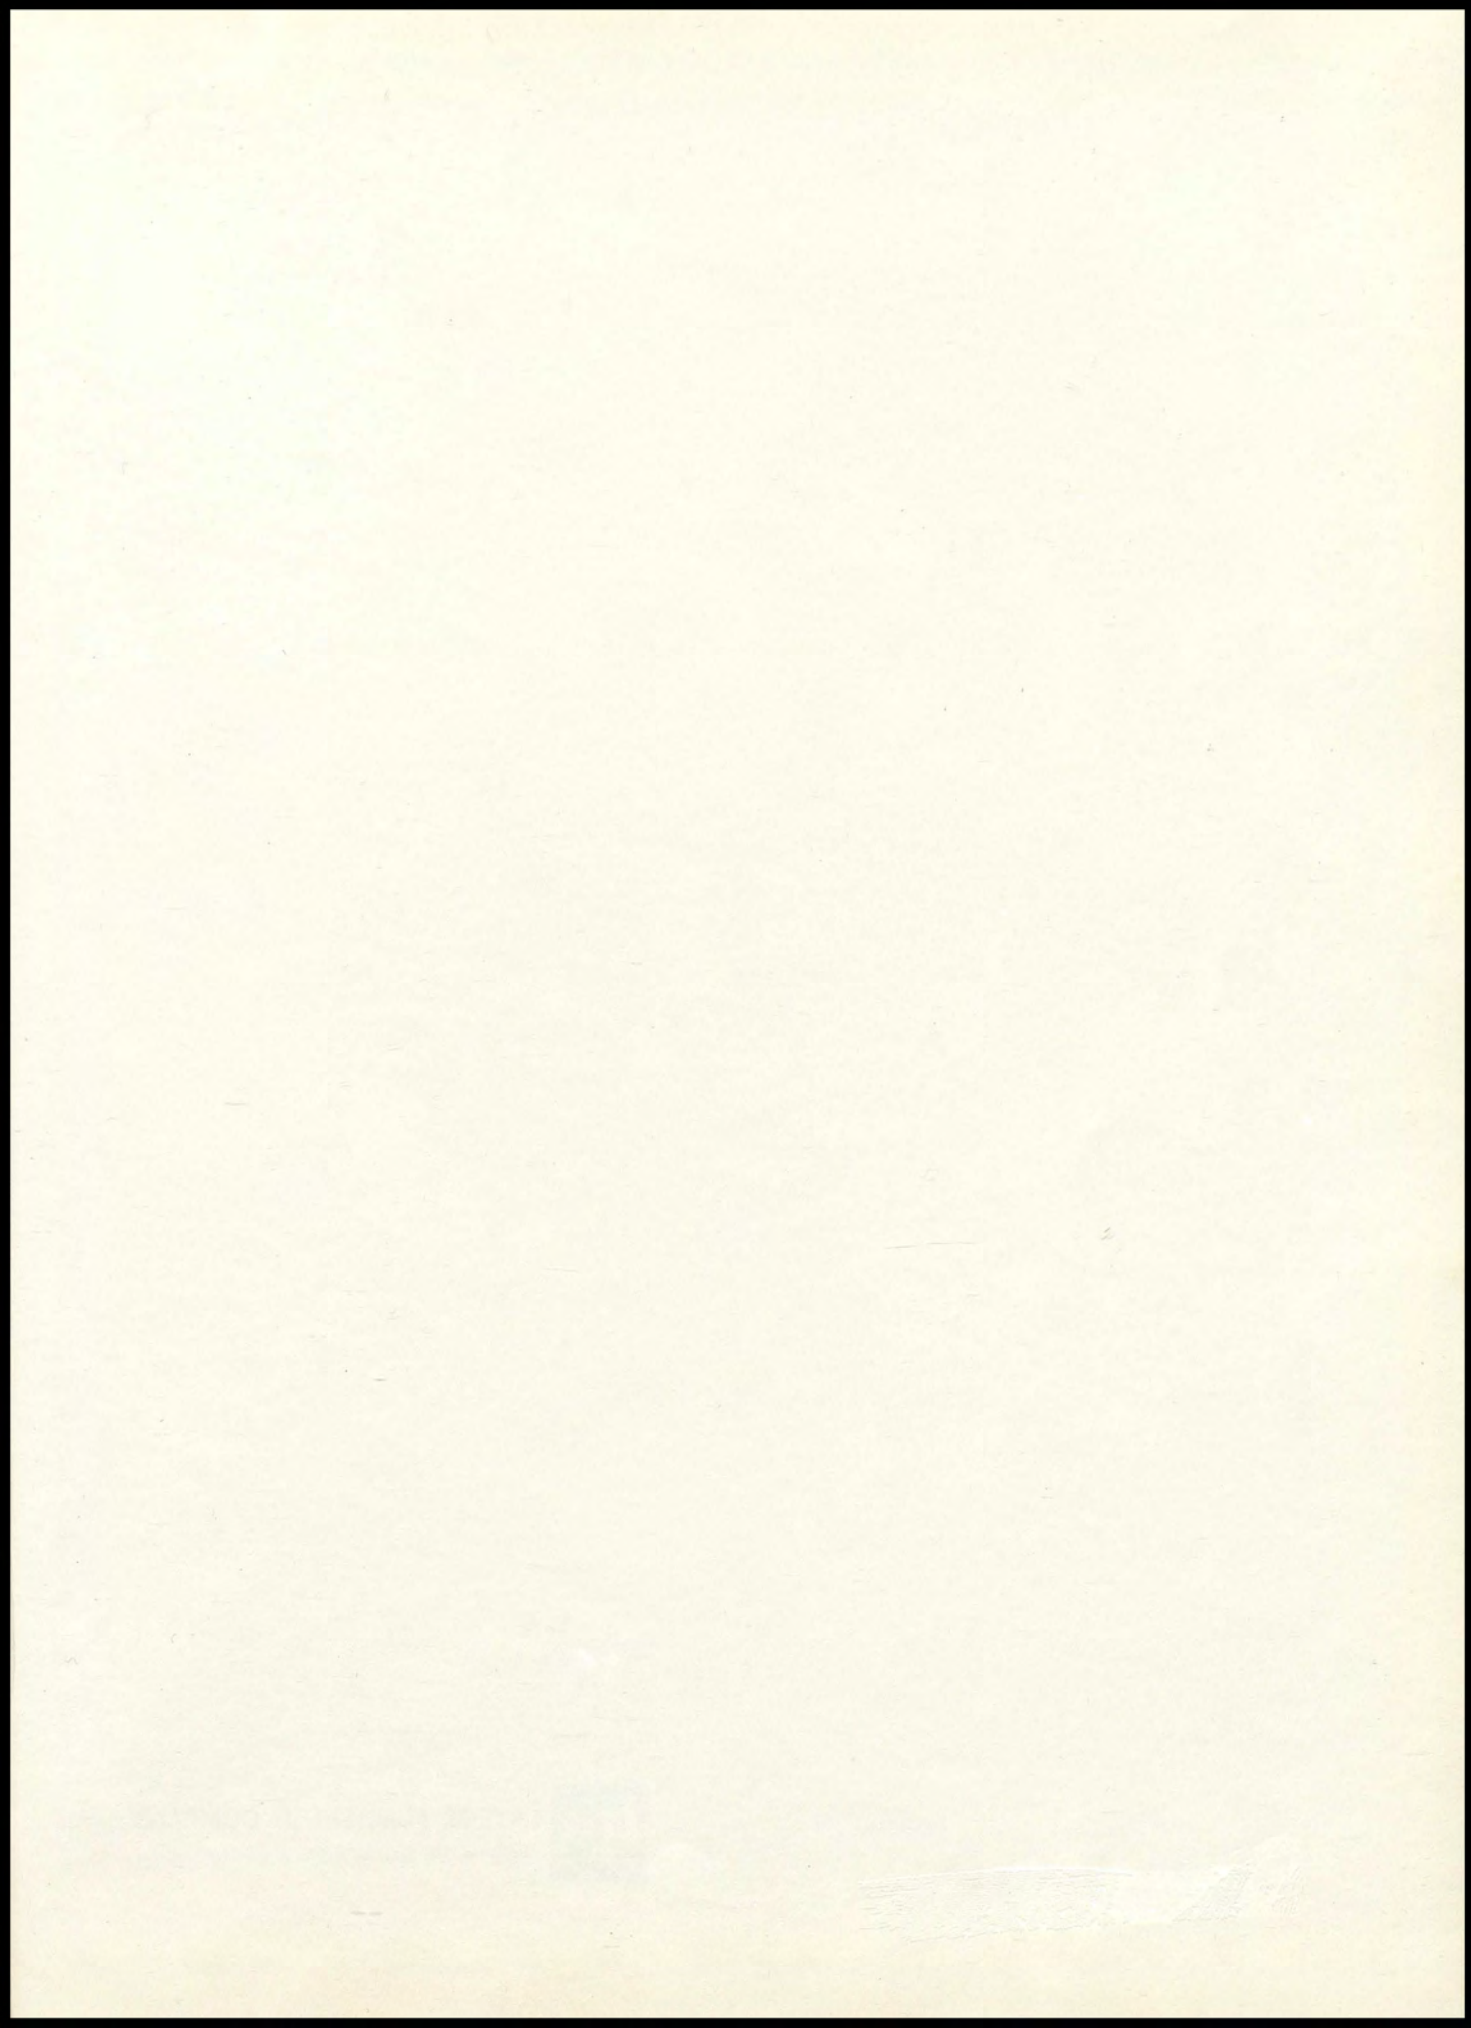

ATHLETICS - Trestle workmen fit last section of roadway neatly into place. (Picture by Acme Photo Company, Inc.)

ELEMENTARY - Finished trestle rounds a general curve to enter the Chesapeake Channel Tunnel.

ADS - At the south end of the Bridge-Tunnel, U. S. Highway 13 crosses U. S. 60 on an overpass. Trestle carries roadway 3.3 miles across bay to first island of the Thimble Shoal Tunnel. (Picture by Acme Photo Company, Inc.)
